“Education is the most powerful weapon which you can use to change the world.”
Nelson Mandela

All for a good cause.
Last Friday Ms Farrugia and the SRC organised our annual Worlds Greatest Shave fundraiser, to raise awareness and funds for the Leukaemia Foundation. It was a very successful event, supported by many students who had their heads shaved for the event, not to mention the fantastic Mr Tapscott and Mr Harris who offered their locks to be shaven for this excellent cause.

Building our capacity - Peninsula Community of Schools update
Narrabeen Sports is an active member of the Peninsula Community of Schools. This learning alliance of 13 schools includes the two other High Schools north of us as well as ten primary schools on the Northern Peninsula. Ian Wood is our school contact who coordinates the various PCS events for Narrabeen Sports. Our involvement benefits Narrabeen Sports directly and indirectly. Through building the capacity of our feeder Primary Students as seen in the recent Young Leaders program, these skills will flow in through our high school in the years which follow. Two weeks ago the PCS coordinated the extension test for Year 7 2014, held at our school with a view to ensure we are extending the learning capacity of students on the Peninsula. The PCS builds capacity in both students and staff through increased opportunities made available as a result of its relationship with Macquarie University and our professional link with Adobe. The outcome for our teaching staff is the direct access to opportunities to become more proficient in pedagogy and the implementation of technology in teaching and learning. Such ongoing and relevant Teacher Professional Learning builds the capacity of our staff. In everyday terms, Narrabeen Sports benefits from the curriculum sharing arrangements we have with the other two high schools. This offers a greater range of subject choices for our students.

Parent teacher contact improves results
On Monday March 25th Narrabeen Sports held the first of the parent teacher night interviews for Years 8, 10, and 12. It was pleasing to see so many parents working with teachers to develop our students. It is the one time parents have the opportunity to meet with teachers to discuss homework, assessments, behaviour, completion of class work and building skills capacity. The relationship between school and home is pivotal to the improvement of students and as such these meeting are instrumental to building success. The next parent teacher evening for Years 7, 9 and 11 is Monday April 8th. Bookings are currently open online; please contact the front office if you require more information. We hope to see all parents of these year groupings on the evening.

Communicating is the key
Success in developing teenagers requires commitment from all parties. One important part of this is clear communication between all parties. If you have any concerns relating to your child at school please don’t hesitate to contact us so we can resolve the issues. Contact should be made with the Head Teacher for academic concerns in a subject and Year Adviser for socialisation and emotional support. Additionally Susan Blundsen, our counsellor and Romayne Kiprioti our welfare coordinator are available.

Being at school creates opportunities
It is pleasing to see most of our students turning up at school each day on time and in uniform. Attendance at school creates so many more opportunities for students. If your child misses school due to illness or other reasons, often they run the risk of falling behind. It is important to request work to catch up if they will be away for more than a day. Ongoing lateness similarly can impact upon students engaging with their learning. If your child is late please send them with a note of explanation and advise the school if there are any concerns we can assist with. The school will msg parents of students who are late or absent, as another measure to let you know. I request parents to assist us to reduce the numbers of days some students are away from school or late to school.
Our future is looking bright

Leadership development is an important aspect of providing students with opportunity. Our School Captains had the pleasure of meeting the local member for Pittwater, Mr Robert Stokes MP as part of a leadership day with other School Captains from within his electorate. The young leaders were taken through leadership skills and goal setting. The day ended up with the students watching a parliamentary session where Mr Stokes addressed parliament on local relevant issues to the Peninsula. Such opportunities are important as our students work in groups with students from other schools to brainstorm and share ideas on improving our local community.

Year 12 Half Yearly Exams

At the end of this month Year 12 will have completed half their HSC courses. Their Half Yearly exams will commence immediately after Easter and students all need to be thoroughly prepared. It is vital they focus on maintaining detailed summaries of their class and assessment work during term time. This will alleviate the pressure leading up to the exams and ensure they have learnt the content and developed the skills necessary for success under exam conditions. If any parent/carer was unable to attend this week’s Year 12 Parent/Teacher Evening and would like to catch up with the Year 12 teachers please do not hesitate to contact the school.

Assessment Schedules:

Assessment information and schedules have been uploaded on to the schools web site for public access. Students from Year 9 through to Year 12 have been issued a paper copy of the policy and procedures only. It is very important that all Year 9 through to Year 12 students have downloaded their individual subject schedules from the school website which can be found under the banner ‘Curriculum and Activities’, assessment and reporting. The policy explains expectations and requirements regarding assessments and exams. It also outlines the process if a task or exam is not completed and how to appeal. Students and parents are urged to take the time to read the policies and schedules.

Coming events of importance:

March 27th – Year 9 DER Laptops information Evening
March 28th – Year 10 Australian Geography Competition
April 3rd- 5th – Year 7 Camp
April 8th – Years 7, 9, 11 parent teacher night

Congratulations and thanks:

- The students who represented Narrabeen Sports in the Manly All Schools 9/10 Touch competitions. The boys did very well coming second. Our girls went one better and won the competition and are now heading off to the State Finals.
- Franchette Rodriguez (yr 9), Elise Black (yr 9), Gina Groskops (yr 10) and Jarrod Taylor (yr 10) for achieving Bronze Awards.
- Camilla Cavalheiro Yr 11 for your outstanding efforts in the Yr 11 English speaking task she made on ‘Journey’.
- Jacob Winston who competed in the Australian Junior Athletics Championships in Perth and achieved U14 Boys Triple Jump 6th place with a PB jump of 10.75m; U14 Boys Long Jump 4th place with a PB jump of 5.15m (missed bronze by 1cm); and U14 Boys High Jump 2nd place with a PB jump of 1.56m. Congratulations Jacob!
- Lauren Woodcock for school service
- Kyle Travis positive behaviour as a bystander,
- Lily Brown citizenship
- Mrs Hall, Mrs Smith and Mrs Kot for giving up time to assist the Maths Department.

Till next time
Lance Berry
Principal
Calendar of Events

**Term 1 Week 10B**
- 02 April: School Cross Country – Competitors only
- 03-05 April: Year 7 Camp Stanwell Tops
- 04-05 April: CHS Swimming Carnival - Homebush
- 05 April: Sea Eagles 7s – Narrabeen Sports Academy
- 05 April: Bronze Duke of Ed Practice Hike
- 05 April: Year 12 Mid Year Exams begin
- 06 April: Year 7,9,11 Parent Teacher Interview Bookings close

**Term 1 Week 11A**
- 08 April: Year 7,9,11 Parent/Teacher/Student Interview Night
- 08 April: International Students Excursion – Blue Mountains
- 09 April: Sydney North All Schools – League u13 and u15 – Narrabeen Sports High School
- 12 April: Anzac Day Formal Assembly

**Term 2 Week 1A**
- 25-30 April: Gold Duke of Ed Practice Hike
- 29 April: School Development Day
- 30 April: School Development Day

**Term 2 Week 2B**
- 06 May: School Athletics Carnival Narrabeen Sports Academy
- 07 May: Buckley Shield U14s
- 08 May: Year 12 Post HSC Options Day – all Year 12 students in Library
- 09-10 May: Sydney Region School Surfing Titles – Cronulla Beach
- 10 May: Year 9 Study Skills –C19 Elevate Education

From the Deputy Principal

Parent Teacher evening was held for Year 8, 10 and 12 on Monday night. It was a great success with many students and parents engaging in meaningful conversation regarding academic progress. Thank you to parents for coming along to this important evening.

Parent Teacher for Years 7, 9 and 11 will be held on Monday 8th April from 4-8pm. I have again included the code for the electronic booking of this event. Our staff are looking forward to speaking with as many parents as possible during this evening.

In terms 2 and 3 students in Years 7-10 will be involved in Special Religious education. Please read the attached note regarding this program and instructions for requesting an exemption.

Our staff have reviewed our welfare and discipline policy and as a result our merit system has been modified. I have included the new system in this newsletter. Student diaries have a merit system written in them but that is the old process. I have asked that copies of the new process be placed in classrooms so students can become familiar.

After Easter the weather tends to turn colder. Students have been reminded that the navy school jumper is the only acceptable jumper this year. If students are cold they can layer up underneath this jumper but hoodies of any kind will not be allowed. Students are also reminded that if they are unable to be in uniform, a note from home needs to be provided to me before school and I will give them a pass to excuse them from detention.

Year 12 are about to begin their half yearly examinations. We wish them well during this important time and ask them to remember that staff are always available for assistance. I have included some advice here that I hope will be helpful.

**Year 12 Study Tips**

1. **Focus your attention on the materials you are studying.**
   Attention is one of the major components of memory. In order for information to move from short-term memory into long-term memory, you need to actively attend to this information. Try to study in a place free of distractions such as television.

2. **Avoid cramming by establishing regular study sessions.**
   Studying materials over a number of session’s gives you the time you need to adequately process the information. Research has shown that students who study regularly remember the material far better than those who do all of their studying in one marathon session.

3. **Structure and organize the information you are studying.**
Researchers have found that information is organized in memory in related clusters. You can take advantage of this by structuring and organizing the materials you are studying. Try grouping similar concepts and terms together, or make an outline of your notes and textbook readings to help group related concepts.

4. **Utilize mnemonic devices to remember information.**
Mnemonic devices are a technique often used by students to aid in recall. A mnemonic is simply a way to remember information. For example, you might associate a term you need to remember with a common item that you are very familiar with. The best mnemonics are those that utilize positive imagery, humour or novelty. You might come up with a rhyme, song or joke to help remember a specific segment of information.

5. **Elaborate and rehearse the information you are studying.**
In order to recall information, you need to encode what you are studying into long-term memory. One of the most effective encoding techniques is known as elaborative rehearsal. An example of this technique would be to read the definition of a key term, study the definition of that term and then read a more detailed description of what that term means. After repeating this process a few times, you’ll probably notice that recalling the information is much easier.

6. **Relate new information to things you already know.**
When you are studying unfamiliar material, take the time to think about how this information relates to things that you already know.

By establishing relationships between new ideas and previously existing memories, you can dramatically increase the likelihood of recalling the recently learned information.

7. **Visualize concepts to improve memory and recall.**
Many people benefit greatly from visualizing the information they study. Pay attention to the photographs and charts in your notes. If you do not have visual cues to help, try creating your own. Draw charts or figures in the margins of your notes or use highlighters or pens in different colours to group related ideas in your written study materials.

8. **Teach new concepts to another person.**
Research suggests that reading materials out loud significantly improves memory of the material. Educators and psychologists have also discovered that having students actually teach new concepts to others enhances understanding and recall. You can use this approach in your own studies by teaching new concepts and information to a friend.

**Year 11 Crossroads – Driver Training Education**

Year 11 Narrabeen students have started their compulsory course of Crossroads that focuses on road safety and drug education.

Last Tuesday the 19/03/13 year 11 attended the RYDA Driver Training Centre. RYDA is a Road Safety Education program aimed at equipping young people with the knowledge to stay safe on our roads. Presented over the course of the day, RYDA delivers six interactive sessions aimed at exploring crucial aspects of travelling safely.

The highlight for most students was the opportunity to be passengers in a car and being able to learn about stopping distances of the motor vehicle. This demonstration showing the importance of sticking to the speed limit and keeping safe distances other vehicles. The real life stories of crash survivors with brain injuries, the hazards/risks involved in driving and the financial and legal ramifications were beneficial to all students involved.

Year 11 should be congratulated on the maturity they showed and the way they conducted themselves on the day.

Mr Wood
The Sky’s the Limit

Year 10 student, Sofia Heszterenyiova, continues to excel in the creative and performing arts. Recently, Sofia and her sister Veronica (Yr 12, 2011) were featured in Peninsula Living Magazine for their outstanding achievements in Dance. Sofia and Veronica won a competition for a private dance master-class with Young Men Society and their photos were included in Total Girl Magazine.

On 17 March, Sofia and Veronica were named winners of the Warringah Council short film competition, ‘Untold Stories’. The competition was open to young people aged 12-24 with a grand prize of $1100! Sofia’s film was about two elderly sisters, Jenny and Margaret reflecting about their life dancing together. Sofia will use her winnings for a trip to the USA later this year.

You can see Sofia’s winning video at: http://www.youtube.com/watch?v=3chHLc1sRQs

Sofia has also performed in the upcoming Australian film “Drowned” about teen bullying as an extra.

Congratulations, Sofia!

Peninsula Community of Schools

Another frantic start to the year but our ever so talented and organised coordinator Sharon Smithies and our PCS colleagues are doing great things for The Community of Schools in both the Primary and Secondary sectors.

The Extension Test for year 6 students held at NSHS has been another huge success with over 180 students from the PCS primary schools sitting for the exam. The results of this exam will determine which students are offered places into the Year 7 Extension class for 2014 at Narrabeen, Pittwater or Barrenjoey High School. Information for next year’s test will out Term 4 to Year 5 (2013) parents.

The young leaders program for year 6 leaders has also been another success of the PCS with all captains and vice captains from the Primary coming together once a week at NSHS. The students learn leadership skills from one another and Miss Smithies. The program will finish at the end of the term with a recognition assembly held at NSHS on the 11/02/13.

For leadership and learning to have a collaborative approach the PCS student advisory committee has been established with SRC’s, Captains and leadership bodies. Students from both Primary and Secondary schools are striving to meet common goals and helping the community by unifying the projects they are working on in school. The first meeting has been held and the future is looking good. Watch this space!

Mr Wood

Careers

It has been a fast and challenging start to the year for the Careers Department. With Ms Weller working part-time with me new to the Careers role, it has been an exciting learning curve so far.

The Careers office has now moved to a more user friendly area of the Learning Zone on the mezzanine level of the library. This has proved to be a more student friendly and inviting area for students to seek advice on pathways to success. The area is state of the art and allows us to use the interactive whiteboard and computer areas that are more appealing and engaging to the students.

The units of work for Year 9 and 10 classes have a focus on students exploring careers / study, that are tailored to their skills and strengths. Websites such as www.myfuture.edu.au have been well received by the students and they are enjoying the use of technology to help build their career/study path.

Students have been completing a variety of TVET courses at Brookvale TAFE in senior years and from all reports have been doing well in their chosen field of study. These subjects include; Sport and Recreation, Tourism, Beauty, Digital Photography, Accounting, Electro technology, Automotive and Child Services. Narrabeen has been catering to all students interests and continues to get great results from students participating in these courses.

Year 9/10 students have also been learning courses of interest in a variety of courses including the Jump Start program focussing on the building and beauty industry and a new program called the Participation Phase Initiative for year 10 students where they are able to obtain real life skills and certificates in Landscaping, Café or Food handling. Students are enjoying these courses and Ms Weller is especially enjoying the free coffees.

Mr Wood
**PDHPE**

It has been another great start to the year with most students eager and ready to learn. The PDHPE faculty has made some great changes to the practical program due to the state of the art facilities that are on offer to us.

Years 7 to 10 students have just completed a 6 week practical unit on Athletics enabling students to participate in lessons using equipment such as javelins and discus that they would otherwise not get to use. Learning athletic skills lets students train before competing at our upcoming Athletics carnival at the Narrabeen Sports Academy in Term 2. With the Cross Country Carnival also sneaking up on us quickly (02/04/13) we have had a strong focus on Cardio Vascular Fitness until the end of term. Students have been completing 2-3km runs in practical lessons and circuit training to build their stamina. The Cross Country Carnival is competitors only so please see Miss Deane to get a permission note.

Theory Lessons for year 7 have been centred on facing the changes and challenges that life throws at us and dealing with these issues appropriately. Year 7 have completed their major assignment for the term with very pleasing results. Year 8 and 9 will be sitting for their end of term topic tests very soon. Students should be taking home their workbooks and putting together a study plan to get the best results. Year 10 major assignments focussing on Drugs and the risks involved are also due Tuesday the 02/04/13. The PDHPE faculty is always willing to help with study or assignments and we encourage any student having problems to approach their teacher.

Year 11 and 12 are continuing to receive and complete assessment tasks. Students are always asked to complete draft assignments before the due date to receive feedback and to obtain the best possible results. Year 12 half yearly exams are approaching quickly, focus on your study program and structured revision attempting past HSC questions. revising!

Uniform is the key to Success! All students should know when their practical lessons are by this stage in the term. If there is any reason why a student is out of uniform they must have a note from home. PE practical uniform includes **Blue Narrabeen Shirt and Shorts, white socks and Sports Shoes.**

**Mr Wood**

**TAS Report**

The TAS department again has had a great start to the year with lots of classes completing some great work. Our Year 7’s are enjoying their units based on designing and making planter boxes, money boxes (and looking at the international money market) and a bag for the beach with computer generated images applied.

The year 8’s have started the year with either designing and making beach themed wall hangings or investigating food from other countries with the Picnic in the Park unit.

The all-boys class of 8MT 1 in particular are taking to the food preparation skills and organisation really well and producing some great products, as seen in the photograph.

Year 9 students are studying nutrition in Food Technology and producing some great work on their assessment tasks (which they have designed themselves). Year 10 Food Technology students are studying food for special needs groups and really enjoying the application of their theory in practical tasks.

As always year 11 and 12 are working hard in all areas, including even catering for school events from the Year 11 and 12 Hospitality class. They really showed great teamwork and skill to produce food of a really high standard for a large number of people. A photograph of some of the students with Ms Kiprioti.

Construction classes and Industrial Technology classes are really enjoying the professional work space of the Trade Training Centre and are producing industry standard tasks as a result.

So a productive and creative start to the year in TAS and we have high hopes for continuing great outcomes to the various classes in our faculty.

**T. Postle**

**TAS**

**Head Teacher**
Sports news

Athletics
Jacob Winston, (year 8), recently competed at the National Athletics Championships which were held in Perth. He competed in three events in the 13years age group and he achieved his personal best in all 3 events! Jacob’s excellent results are listed below.
2nd in the high jump- 1.56m
4th Long Jump- 5.15m
6th Triple Jump- 10.75m

Touch Football
This has been a busy and successful month for touch football at Narrabeen. The year 9 and 10 boys and girls touch team performed excellently. The girls won their tournament and the boys were narrowly defeated (2-1) in the grand final. The girls have now qualified for the State Championships which will be held in Penrith. A huge thank you to Judy and Jye Malcolm for coaching the girls and boys teams.
Congratulations to the following Narrabeen Representatives:

Girls Team
Hannah Dyball
Shellie Davis
Tiarne Casey
Caitlin Cimarosti
Jennaya Wiggins
Ruby Reid
Britt Grech
Lily Brown
Angie Massa
Elise Black
Shaylyn O’maraa
Romy Wilson
Kathryn Molinara

Boys Team
Jarrad Taylor
Dylan Peppernell
Oliver Maiolo
Jarrah Rogan
Kade Plimmer
Elijah Pai
Conor Hickey
Damien Mokomoko
Jordan Bullock
Zach Symons
Michael Riggio
Daniel Riggio
Nathan Van Buuren
Dane Major

Regional Touch
The U/15 years regional trials for touch football were held on March 21 on the Central Coast.

Congratulations to Caitlin Cimarosti, Jennaya Wiggins and Jarrah Rogan, (all year 9), who were all selected for the Sydney North team. They will now compete for a position in the CHS team. Well done to these 3 athletes!

School Cross Country
The competitors only cross country will be held on April 2nd. Students have already received their permission notes and only those that have returned them will be allowed to leave school. It is normal classes for the rest of the school. Cross country competitors will leave after recess and return to school at 2.30pm on the bus provided. The course is 3km and will be held at Long Reef. Zone competitors and Age champions will be chosen from this event. We look forward to a great afternoon for those students interested in long distance running!

CHS Swimming Championships
We wish the following athletes: Moritz Fath, Jye McDonough, Daniel Jenkins, Brian De Bono and Jordan Knapton, all the best in the upcoming CHS swimming Championships.
Regional Trials
Good luck to our students who are competing in the regional trials for Rugby league, Rugby Union, Football, Open Touch Football and Open Girls Netball over the next few weeks.

Ms R Deane
Sports Coordinator

Open Girls Touch
The Open Girls touch team has once again started well in the knock out competition. We have resoundingly beaten teams to progress to the regional finals on the 4th of April. This is played at Gosford and if we finish first or second there we are off to compete against the North West region for a berth in the state finals. This is exceptional considering that we lost a number of key senior players from last year upon finishing their HSC. The team has players from year 7 to year 12 and in the main is competing against teams of only year 11 and 12 players.

Our most recent game was against Wadalba Community School on the central coast and we beat them 12 to 2. The team played really well in extreme heat. The stars of the show being Hannah, Aleya and Shellie but all of the team contributing well in both defence and attack. Emily was impassable on the wing and Jenneya and Tiarne played really well in the middle, with Caitlin having some great runs (and tries) from the link position. Rosalia and Remy were reliable and hardworking and our Year 7 players of Hayley, Katherine and Ruby contributed solidly. Ruby in particular played really well and has the makings of a very good touch player.

So good luck to the team for the next game with another road trip up the Pacific Highway next Thursday- hopefully without the musical accompaniment this time!

Ms Postle
Narrabeen’s Greatest Shave

Congratulations Narrabeen Sports High School! We made a wonderful contribution to the Leukaemia Foundation, raising almost $600 from The World’s Greatest Shave and Mufti Day held last Thursday.

A special thank you to Jesse Cathersides, Adam Myers-Mann, Mitchell Bruce, Mitchell Donnelly, Mr Harris and Mr Tapscott who literally laid their heads on the line to support the charity. Our enthusiastic audience calmed nerves and gathered donations, erupting in applause throughout the event, creating a telethon atmosphere.

Narrabeen Sports High School would also like to extend our appreciation to Organic Salon Dimensions of Terrey Hills and Hot Gossip Hair and Beauty of North Narrabeen for donating their time and expertise, ensuring that our participants were in safe hands.

Miss Farrugia and The SRC

Bonafide advertising is accepted for the school’s newsletter. However use of the product/service advertised is at your own discretion as the school does not accept responsibility.
Year 7, 9 and 11 Parent/Teacher/ Student Interviews
Monday 8th April 2013     4pm – 8pm     in the School Library

Dear Parents

You can now book interviews at times that suit YOUR FAMILY BEST.
Go to www.schoolinterviews.com.au and follow these simple instructions.

Bookings will open on Monday 18th March and close at 5pm on Saturday 6th April.

Enter THIS school event code.
Then follow the 3 simple steps.

When you click finish, your interview timetable will be emailed to you automatically - check your junk mail folder if you do not receive your email immediately.
You can return to www.schoolinterviews.com.au at any time, and change your interviews - until bookings close.

For parents that don’t have access to the internet at home, at work, at a friend’s house or on their phones, a note can be provided to student advisers through your child with the approximate times required and they will make the bookings. Interviews are strictly 5 minutes and spaces are limited. If you require more time, please contact your teacher directly to make alternative arrangements.

Parents can change their interview bookings, any time prior to the closing date, by re-visiting the www.schoolinterviews.com.au website, and using the event code. Remember to use the same name and email address, you used when you made your original booking. Parents wishing to change their interview times after the closing date, should contact the school directly on: 9913 7820 and speak to their child’s student adviser.

We would love to hear what you think about online booking. If you get time, click on the “contact us” button on the www.schoolinterviews.com.au website, and leave some feedback - anonymously if you wish, but please include the school’s name and suburb.
19th March, 2013

Special Religious Education Years 7-10

Dear Parent / Guardian,

Under the Education Act 1990 Section 32 there is a legislative requirement that "In every government school, time is to be allowed for the religious education of children of any religious persuasion". In accordance with this section of the Act we are starting our Program of Religious Education.

Religious Education benefits students by allowing learners to analyse their own values, better understand themselves and others, develop a knowledge of issues facing the community including ethical and moral aspects whilst explore meaningful questions about what is important and valuable in life.

Volunteers who are trained by Approved Providers teach a one hour class during period 1 or 2 to students in Years 7-10. This will occur every two weeks during terms 2 and 3. All volunteers have had a Police Record check and signed a Prohibited Employment Declaration.

The Religions available in 2013 will include Catholic and Protestant groups. Students will attend the religious education group listed on their enrolment form. Students of smaller religions will be placed in the Protestant group unless a parent note indicates otherwise. Students who indicated “No Religion” at enrolment will complete private study with a classroom teacher.

If you object to your child attending religious education classes please obtain an Exemption Form from Mrs Peacock. This must be returned prior to the commencement of this program. At any time, you have the right to change your special religious education nomination or to withdraw your child from special religious education lessons. Students who do not attend Religious Education classes will complete private study under the supervision of a teacher.
