From the Principal

“Do just once what others say you cannot do and you will never pay attention to their limitations again” James Cook

Thank you Mrs Rawlinson

Christine Rawlinson, our fantastic Learning Assistance Support Teacher is leaving Narrabeen after many years of supporting our students in their learning. Mrs Rawlinson is one of those special teachers who have made a difference in the achievements of our students through her caring and supportive manner and her specialised skills and expertise. It is with great regret Narrabeen farewells this fabulous teacher. Mrs Rawlinson has been given several send-offs including a special morning tea involving all staff. The photos above show Mrs Rawlinson recounting her experiences at Narrabeen and Mrs Vergos farewelling her friend. We all wish Mrs Rawlinson the very best and thank her immensely for her tenacity and hard work over the many years she has worked at Narrabeen Sports High School. Thank You Mrs Rawlinson!

PBEL rewards
Positive Behaviour for Engaging Learners (PBEL) is a Narrabeen Sports school wide system of processes and individualised instruction designed to prevent and decrease problem behaviour and to maintain appropriate behaviour. The positive emphasis upon acknowledging correct behaviour and good achievement means students are clearly and explicitly reinforced for appropriate behaviour and rewarded. Inappropriate behaviour is corrected in a positive.

From Week 7 this term staff will be nominating students (Narrabeen Stars) who have contributed positively to the school community. These Narrabeen Stars will then go into a draw, one each for Years 7 – 10 and Years 11 -12. At our Monday Assembly each week, successful students will win movie vouchers with a super draw at the end of the term.

ALARM
Students in Years 10, 11 and 12 are currently being tutored in the ALARM (A Learning And Response Matrix) model of responding to HSC written responses. The matrix focuses upon a whole school approach, which is currently occurring. Staff across all Key Learning Areas are being trained in this whole school approach. The key elements involve explicit unpacking of the HSC key terms and teaching how to respond. It is instrumental all students receive explicit feedback on how they went in the task so they understand what is required to improve. Students in Year 10 are currently taught an ALARM period once a fortnight.
Looking after our Teenagers
On March 18th starting at 6.30 pm in our Staff Common Room, Narrabeen is presenting a session for parents on looking after our teenagers. The presentation will be run by Australia’s National Youth Mental Health Foundation: Headspace. Headspace will be presenting on the stages of adolescent development, mental health issues for teenagers, identifying the warning signs and providing information on where to go for help. The aim of the session is to provide parents with realistic information to support their children.

Swimming carnival

The carnival was a wonderful way to build school spirit and provided our students the opportunity to succeed in the sporting arena. Unfortunately, due to the high number of schools in the region using the Andrew Boy Charlton Pool within a 4 week period, we were only able to secure a half day in 2014. We saw this as a disadvantage at the time of booking, however, the day was a huge success! We could not be more proud of the way the students conducted themselves throughout the day. A big thank you to all the parent helpers, Year 9 PASS class, all staff members who attended and Craig Date (Deputy Principal) who worked behind the scenes to get the new electronic timing working efficiently.

School evaluation of student learning outcomes for ASR

The 2013 Annual School report is currently being compiled. One of the elements is an evaluation of whole school practices, where we are evaluating student learning outcomes from the 2013 academic year. Parents of students who were present at our school in 2013 will be emailed a survey on February 28th asking for their thoughts on the teaching and learning practices at our school.

Opportunities for our students – Science Club/ Drama Club/ Music/ Homework

Narrabeen is all about providing opportunity to students. Earlier this week our Science Head Teacher, Ms Courtney Frost held the first Science Club meeting of the year. The club has membership of over twenty students who compete in teams, undertaking Mini science challenges. The teams accumulate points for participation, placing first, second or third with prizes given out at the end of the term.

On Fridays at lunchtime Ms Caity Dalrymple, our Drama teacher runs a Drama club offering students the opportunity to participate in games and activities focusing upon confidence building and team building. Building on from this, students are able to participate in drama performances for the school.

Music is a large focus also for Narrabeen. Most lunchtimes, Dr Sylvana Augustyniak coordinates students practising their pieces, which includes those doing whole school performances or for elective/ HSC music requirements. Our Keyboard club runs most weeks, where students are taught explicit keyboard skills Dr Augustyniak.
The Narrabeen Homework Centre is up and running again. It operates each Monday from 3.15 through to 4.30. All parents are encouraged to send their students along as they get professional assistance with completing assessments and homework. There is never an excuse for students not to have homework or study to do. Now the school term is into the sixth week, all students are expected to complete their work to the best of their ability rather than submit sub-quality efforts. The Homework centre is one avenue to support students.

**Year we are doing it again: A Musical – Beauty and the Beast**
Ms Caity Dalyrmple and Dr Augustyniak have made the wonderful decision to start the preparations to hold a school Musical in Term 3. Auditions, rehearsals and preparations are getting underway. Any parents who are able to provide support are asked to contact Caity Dalyrmple in the English faculty.

**Manga High**
The Maths faculty is very excited about issuing students the Manga High passwords for students to be working at their Maths online from home. In regards to Maths homework there is always more work to be completed by students in this format.

**Fees dues soon**
Shortly, you will all receive an account for school fees. We would appreciate you paying those fees, soon. This money is vital to the teaching and learning programs we offer and the quality of the resources and facilities provided. I know you want the very best for your sons and daughters. Confidential conversations can be arranged if you would like to discuss alternative ways, such as staggered payments, to accommodate payment of fees.

**Congratulations and thank you :**
- Boys and Girls Open Touch, Open Girls Basket Ball teams who had convincing wins in the opening round of the knockout competition
- Graham, Tony, Michelle, Joanna, Jordan, Holly and Alana for giving up your time to assist with the lifeline book fair
- Students who helped with our Year Book production ‘Myuna’
- Zac in Year 8 for ongoing good effort in English
- Carl in Year 10 for successfully achieving his Bronze Duke of Edinburgh Award
- Maddie, Samantha, Harrison, Chaska, Lauren for achieving Bronze PBEL certificate
- Ella for achieving Silver PBEL certificate
- Jack in Year 12 for persistent effort in practical work in Music
- Ramon in Year 12 for working very well in Music
- Hamish in Year 12 for completing an online Astronomy course through Curtin University in January and receiving 100% on all assessments
- Tayanita in Year 7 for community service
- Taran in Year 7 for community service
- Jordan, Nicolas, Morgan, Victoria, Mikel, Riley, Aliena and Aleya for being year 12 high Achievers.

From the Deputy Principal

Thank you to the many staff and parents who attended the recent Year 7 Parent Evening. This was a valuable opportunity to convey information about the school and develop relationships between staff and parents that will continue for years to come. Parents were issued with the Year 7 Assessment Schedule which outlines assessment tasks in every course and the approximate dates that they are due. This is a valuable document to assist you in monitoring and managing the submission of set tasks. If you were unable to attend, they can be obtained from the Year 7 Adviser, MS Purcell.

Students in Years 8-12 have been issued with their assessment schedule booklets to assist with monitoring and managing the submission of set tasks. Students in Years 11 and 12 were also emailed their schedule. If your child has not brought one home you can access them from your child’s Year Adviser or on the school website under Assessment and Reporting.

Thank you also to the many parents and students who attended the Year 10 RoSA and Year 11 HSC Information Nights. Mr Berry, Mr Date and I presented regarding study habits, the Board of Studies requirements to receive a RoSA and the supports available to assist students. Thank you to Mr Wigan and Ms Kiprioti for supporting us on this evening.

Just a reminder, that whilst all staff welcome contact with parents, an appointment must be made for meetings. This can be done by leaving a phone message for the teacher at the Administration Office. It is not appropriate to move through the grounds to teacher’s classrooms or staffrooms as they may be teaching or in confidential meetings. This is also a matter of child protection as we must be aware of all persons on the grounds at all times. Parents are welcome to visit the front office at any time and if I am available I would be happy to discuss any matters of concern but I cannot guarantee my availability and I do not wish to disappoint.

Students are reminded that the use of aerosol deodorants is banned due to the risks posed to staff and students with respiratory problems such as asthma. You are reminded that students must not bring them to school.

Parent volunteers are most welcome at school. You may be able to assist in the canteen, covering books, or listening to children read. If you would like to be involved, please contact our Learning and Support Teacher, Ms Buxton or our canteen supervisor.

Parents are reminded that inappropriate use of the laptops such as playing games in class will mean the laptop will be confiscated for one week and that students will have to use traditional methods to record their course work. Laptops provide an alternative learning experience for students and they generally enjoy these classes. Laptops must be fully charged each night and brought to class. I would be disappointed to hear that some students were not able to engage in technology lessons due to inappropriate usage.

Year 12 students should have identified their Teacher Mentor by now. The role of the Teacher Mentor is to assist students in planning their time, review examinations and identify strengths and weaknesses at report times. This program is a valuable opportunity for students to work towards their personal best and we urge them use the support provided for them.
I have just reviewed the end of Year 11 reports for our present year 12 students in order to identify those who will be invited to join our High Achievers Club. Students invited received results of first, second or third in at least three academic (category A) subjects. Over the year, students will engage in workshops designed to move students from Band 5 to 6. Whilst these seminars are designed specifically for high achieving students, it is important to note that all students are welcome.

Congratulations to the following Year 12 students who belong to the 2013 High Achievers Club: Jordan, Nicolas, Morgan, Victoria, Mikel, Riley, Aliena and Aleya.

Lisa Peacock

Our successful Knockout Teams

Careers News

The start of the year has seen many new and exciting changes to the Careers Department, the first of which is that Mr Ian Wood no longer resides in the Careers Office upstairs in the Library, but instead has taken up his new role as the Academy Sports Director. His enthusiasm is very much missed around here, but fortunately he is still keeping in touch with Careers by being involved in some of the programs that are about to start soon.

One of which is the Year 10 Careers Days, the first of which is on next Tuesday March 4. Year 10 students no longer have Careers lessons on their timetables, but instead will have 1 Careers Day per term, which provides the equivalent of hours previously taught in this subject area. This new program provides flexibility of delivery so that all Year 10 students receive the same information and lessons, yet when taught as a combined group, will have the benefit of visiting speakers presenting information to them. As students are learning about Tax next week, we have a presenter from the Australian Taxation Office to address the students. A Tax File Number application will be available to those students who wish to complete one; this is recommended via school as it is a much smoother process than by students visiting the Taxation Office individually.

The dates of the Year 10 Careers Days are: 
**Tuesdays in Week 6 of each term**; 
Term 1 - March 4, Term 2 - June 3, Term 3 - August 19 & Term 4 – November 11.

What does a Careers Adviser do when they are not at School?

The role of the Careers Adviser is to be kept updated on the latest information available to students for their post school destinations. Therefore, it is crucial that one must attend various meetings and presentations at Universities, Private and TAFE Colleges in order to be able to best advise students. I recently attended the Careers Advisers Days at the University of NSW and the University of Wollongong, both of which were very interesting. The University of Wollongong (or UOW) is a progressive university that began the popular idea of double degrees many years ago, whereby a student spends 5 years at university and obtains degrees in 2 different disciplines such as Arts & Business, whereas if done separately 2 degrees would take 6 years to complete. During my visit to the Engineering Department of UOW, I was able to witness the Wave Machine which students created and which interestingly was used at the start of the television series Puberty Blues.

Another regional university with a very good reputation is Newcastle University, which introduced the concept of the student interview prior to a student studying Medicine, so that candidates require not only an excellent ATAR in order to study medicine, but must be well rounded personalities, able to converse. Regional universities should be considered for studying as they are wonderful tertiary institutions offering fantastic courses, many of which are not available in cities.
The University of NSW is holding an Information Evening for Engineering on Tuesday March 19 and registration is now open. Visit http://www.engineering.unsw.edu.au/student-parent to register. I am soon to visit the Sydney University Careers Advisers Day too and students are reminded that if they need to speak to me or submit a form and I’m out of the office, they just need to place a note into the Careers Letterbox which is situated outside the office and I will see them upon my return.

Work Experience
Year 10 students will be offered 2 week long blocks of Work Experience this year in Terms 2 and 4. The dates will be discussed and Work Experience explained in more detail at the Year 10 Careers Day on Tuesday March 4. It must be noted that essential services such as Nursing and Fire Brigade are not available for students to organise themselves, but must be organised via the Careers Adviser. Year 10 Students will be advised that they will attend the Library all day instead of normal lessons for their 4 Careers Days and they are to bring their charged laptops, pens and diaries to this important day.

Julie Weller
Careers Adviser

Year 9 Report
Year 9 have well and truly settled in to another school year – no longer “little fish” but moving rapidly towards being the oldest members of the junior school. We have welcomed a number of new students this term – Maddison, Celina, Max, Lahana and Isobelle – and look forward to seeing them strive for their personal best this year.

Time to get serious
Having had two years to familiarise themselves with the inner workings of high school, Year 9 will now begin their journey towards attaining their RoSA or Record of School Achievement. This qualification supersedes the old School Certificate and will account for a student’s academic achievements from Year 9 right through to Year 11. Thus, it has been emphasised to all students that they must knock down, leave any immaturity behind them and strive to be respectful, responsible and successful in all of their subjects throughout this year. For elective subjects especially, “No-determination” or “ROSA at risk” letters may be sent home for those students who do not complete all assessment tasks or demonstrate ongoing diligence in a subject. Please refer to your child’s assessment booklet for more information on assessment tasks and necessary procedures relating to illness, absence or misadventure.

Friday Roll Call
As part of Narrabeen’s Positive Behaviour Engaging Learners (PBEL) initiative, Friday roll call has been extended to 20 minutes so that all students can learn about and discuss what it specifically means to be respectful, responsible and successful in the classroom. Unfortunately, many students in Year 9 have not approached these sessions with a respectful or responsible attitude. This has been disappointing given that these same students have continued to demonstrate successful behaviour in their classes over the past five weeks. As these sessions will be a mainstay of 2014, I strongly encourage all of Year 9 to work with their roll call teachers so that they can be as positive and productive as possible.

Year 9 Camp
On a much more positive note, many students have asked for a camp to be organised for this year in lieu of an end of year activity. At this point in time, I am considering a 3-day stay at the Aussie Bush Camp Tea Gardens in term 2. More information will be disseminated to students at a later date. However, the majority of the year will need to be willing to attend in order for the camp to go ahead.

Duke of Edinburgh Notes
Students involved in the Duke of Edinburgh program are reminded to submit their parent contact forms to me or Mr Wigan as soon as possible. Signed Working with Children and Code of Conduct declarations should also be returned before students begin undertaking their activities with their assessors.

Boys’ HPV Vaccination Forms
A reminder to all boys in Year 9 that vaccination consent forms are due to me by Friday March 7. If you do not wish your son/ward to be involved in the school’s vaccination program, please ask them to return their unopened envelopes.

Locker Notes
Any students in Year 9 who are interested in getting a locker for this year can see me in the Science staffroom to collect an information/permission note. Please return these to Ms Kiprioti in the TAS staffroom as soon as possible.

Congratulations!
Jacob has set off on his 2014 Athletics journey at a cracking pace; qualifying for the Australian Junior Championships in U15s long jump, high jump and triple jump in early February. Jacob also performed extremely well at the recent Little Athletics Regional Championships; coming 1st and achieving a new PB in long jump, 2nd in high jump, 3rd in triple jump and 3rd in the 90m hurdles. Well done Jacob for your remarkable success!

Back to the Grind
Please be advised that for the next 12 weeks, I will not be present at school on Wednesdays as I will be commencing my postgraduate studies once again. I will return to full-time duties towards the end of term 2 but will be unavailable
on Wednesdays for another 12-week period during semester 2. I will endeavour to respond to emails or phone queries as soon as possible but please accept my apologies in advance if I am not as prompt as usual. Should you have any further questions or queries regarding Year 9, please do not hesitate to call me on 9913-7820 or email me at melinda.tan3@det.nsw.edu.au.

Melinda Tan
Year 9 Adviser

Duke of Edinburgh

Last Thursday, five Year Eleven students travelled to the Blue Mountains National Park in Glenbrook to undertake a 3-day test expedition as part of their Silver Duke of Edinburgh Award. Renowned as the toughest hike within the program, both the students and staff were challenged physically and mentally as they traversed at times very steep on and off-track terrain.

The students performed exceptionally well in regards to their navigation and teamwork and were rewarded at the end of the first two days with a swim at two beautiful campsites. A new set of unforgettable memories were forged and an enjoyable time was had by all.

My deepest gratitude goes to Mr Wigan for his willingness to give his time to assist on this expedition. Thank you also to Mr Wood for volunteering his time to conduct a compulsory swimming assessment. Congratulations to the following students for their outstanding achievement: Jaiya, Kyla, Jacob, Gina, Angus and Alex.
Dear Parents

You can now book interviews at times that suit YOUR FAMILY BEST. Go to www.schoolinterviews.com.au and follow these simple instructions.

Bookings will open on Friday 14th March and close on Sunday 23rd March.

Enter THIS school event code. Then follow the 3 simple steps.

When you click finish, your interview timetable will be emailed to you automatically - check your junk mail folder if you do not receive your email immediately. You can return to www.schoolinterviews.com.au at any time, and change your interviews - until bookings close.

For parents that don't have access to the internet at home, at work, at a friend's house or on their phones a note can be provided to classroom teachers or year advisers requesting an interview. Teachers will make the booking for you but will not be able to guarantee the requested booking time can be accommodated.

Interviews are strictly 10mins and spaces are limited. If you require more time, please contact the teacher directly to make alternative arrangements.

Parents can change their interview bookings, any time prior to the closing date, by re-visiting the www.schoolinterviews.com.au website, and using the event code. Remember to use the same name and email address, you used when you made your original booking. Parents wishing to change their interview times after the closing date, should contact the school directly and speak to Mrs Peacock, Deputy Principal.
Years 8, 10 and 12 Parent, Teacher, Student Interviews

Monday 24th March 2014          4pm – 8pm                 in the School Library

Dear Parents

You can now book interviews at times that suit YOUR FAMILY BEST.
Go to www.schoolinterviews.com.au and follow these simple instructions.

Bookings will open on Friday 14th March and close on Sunday 23rd March

Enter THIS school event code. Then follow the 3 simple steps.

When you click finish, your interview timetable will be emailed to you automatically - check your junk mail folder if you do not receive your email immediately.
You can return to www.schoolinterviews.com.au at any time, and change your interviews - until bookings close.

For parents that don’t have access to the internet at home, at work, at a friend’s house or on their phones a note can be provided to classroom teachers or year advisers requesting an interview. Teachers will make the booking for you but will not be able to guarantee the requested booking time can be accommodated.

Interviews are strictly 10mins and spaces are limited. If you require more time, please contact the teacher directly to make alternative arrangements.

Parents can change their interview bookings, any time prior to the closing date, by re-visiting the www.schoolinterviews.com.au website, and using the event code. Remember to use the same name and email address, you used when you made your original booking. Parents wishing to change their interview times after the closing date, should contact the school directly and speak to Mrs Peacock, Deputy Principal.
There’s no good reason to bring a knife to school.

NSW now has the toughest knife laws in Australia. As a parent, you need to be aware of these laws, as you can also be charged if you allow your child to carry a knife.

No knives allowed at school under any circumstances.

- If a student has a knife at school the principal may call the police.
- The student may be expelled or suspended immediately. Possessing a knife includes your child simply having one in their bag or locker. Having a knife for self-protection is also illegal. If you are concerned about your child’s wellbeing or safety, contact the principal.
- Tough penalties apply for children convicted of knife offences, including jail sentences of up to 25 years if someone is injured with a knife during an assault.

What kind of knives are prohibited?

School policy is designed to keep all students safe, and so no type of knife is allowed at school. That means no butter knives or fruit knives in lunchboxes, or knife tools for craft purposes.

- Flick knives, ballistic knives, sheath knives, push daggers, trench knives, butterfly knives, star knives are all prohibited.
- Your child cannot bring to school any item that can be used as a weapon (such as a chisel).
- In lessons requiring the use of knives, for example cooking or trades, your child’s teacher will supply and supervise the use of the tools.
- There are some senior subjects, such as hospitality, where children may be required to have their own knives. Your child’s school will advise you about these courses and the procedures for carrying knives legally to and from school and TAFE.

The law makes parents responsible

You need to make certain your child is aware of the school’s rules and the State laws about knives.

If you allow your child to carry or possess a knife at school or in a public place, you can be charged.

- The police can search any child they suspect of having a knife. They can confiscate any dangerous object they might find during the search.
- Your child must comply with such a police search, or they may be arrested and charged.
- It is also illegal for anyone to sell a knife to anyone who is less than 16 years old.

Every child has the right to feel safe and secure at school. There is no good reason for them to ever have a knife at school.

If you want to talk about children and knives at school, please contact the principal.
Sole Parent Expo

Wednesday 12th March
10.00—12.00
The Tramshed, 1395 Pittwater Road, Narrabeen
Are you a single parent?
